TUX
silver line

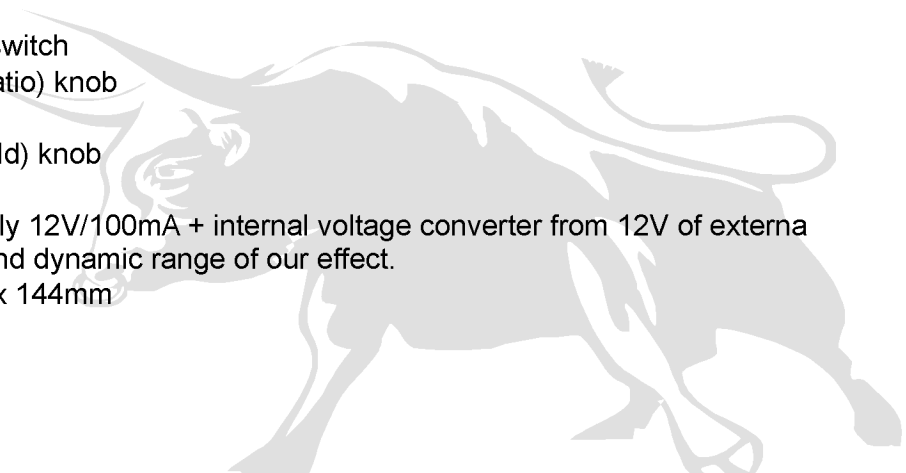

*compressor
 limiter*

TUX is a "ruthless animal" bearing the Taurus name. This effect controls dynamics of your instrument. Imagine, that its effectiveness is as powerful as the animal itself. TUX allows for modification of dynamic by two main features: limiter or compressor. We have built them based on transparent and passive for the quality of sound optical components. That means there are no side effects to your sound. No hum noise nor any distortion whatsoever.

Effect features:

- LIMITER-COMPRESSOR - mode switch
- COMPRESS compression level (ratio) knob
- LEVEL volume level knob
- RANGE range level (band-threshold) knob
- PUNCH punch level (attack) knob
- Power supply: external power supply 12V/100mA + internal voltage converter from 12V of external power supply to 24V for higher sound dynamic range of our effect.
- Dimensions: (H x W x D) 65 x 122 x 144mm
- Net weight : 0,65kg
- Gross weight: 1,1kg
